

First Name	Last Name	Email	Institute	City	State / Province	Country	Career stage	Website (if any)	Area of research	Immunology field of Research
Magdalene	Ameka	magdaleneameka@gmail.com	Mount Kenya University/ KAVI-ICR			Kenya	Post-doctoral Researcher		Diseases - Infectious Diseases - All Infectious Diseases - Parasitic Diseases	Innate Immunity Adaptive Immunity Mucosal Immunology Host-Pathogen Interactions and immunogenetics Signal transduction Monocytes/Macrophages
Maria de los Angeles	Robinson Agramonte	neuromary@gmail.com	International Center for Neurological Restoration	Havana	Havana	Cuba	Post-doctoral Researcher		Autoimmunity	Neuroimmunology
Lucy	Karani	lucryauma@gmail.com	Kisii University	Kisii		Nyanza	Tenured Faculty		Infectious Diseases - Viral Diseases	Immunodeficiency
Amal	Abouda	amal.abouda@fst.utm.tn	University of Tunis El Manar				Post-doctoral Researcher		Autoimmunity Diseases - Infectious Diseases - All Infectious Diseases - Viral Diseases Infectious Diseases - Bacterial Diseases	Innate Immunity Immune Regulation and Immune Suppression Cytokines and their receptors Monocytes/Macrophages
Marianne	Mureithi	marianne@uonbi.ac.ke	University of Nairobi	Loresho			Tenured Faculty		Diseases - Infectious Diseases - All Infectious Diseases - Viral Diseases	Innate Immunity Mucosal Immunology
Rebecca	Chukwuanukwu	rc.chukwuanukwu@unizik.edu.ng	Nnamdi Azikiwe University, Awka, Nigeria				Tenured Faculty		Diseases - Infectious Diseases - All	Vaccines and Immunotherapeutics Host-Pathogen Interactions and Immunogenetics Neutrophils
Ahlem	Ben Hmid	ahlem_benmid@yahoo.com	PASTEUR INSTITUTE OF TUNIS				Medical/Associate professor in Immunology		Allergy and Asthma Autoimmunity Cancer	Adaptive Immunity Allergy and Autoimmune Diseases Tumor Immunology and Anti-tumor Immunotherapy Neuroimmunology Immune Regulation and Immune Suppression New Technologies in Immunology Cytokines and their receptors Antibodies T Cells
Hend	Hachicha	hendhachicha@yahoo.fr	Habib Bourguiba University Hospital of Sfax Tunisia				MD-PhD		Allergy and Asthma Autoimmunity Cancer	Innate Immunity Adaptive Immunity Allergy and Autoimmune Diseases Tumor Immunology and Anti-tumor Immunotherapy Immunodeficiency Neuroimmunology New Technologies in Immunology Cytokines and their receptors Antibodies B Cells T Cells Natural Killer Cells MastCells/Basophils/Eosinophils Monocytes/Macrophages Neutrophils NKT Cells
Melika	Ben Ahmed	melika.benahmed@pasteur.tn	Institut Pasteur de Tunis				Tenured Faculty		Autoimmunity Infectious Diseases - Parasitic Diseases	Adaptive Immunity Vaccines and Immunotherapeutics Allergy and Autoimmune Diseases Neuroimmunology Immune Regulation and Immune Suppression Signal transduction Cytokines and their receptors Antibodies T Cells
Fatma	Ben Aissa-Fennira	f.benaissa.fennira@gmail.com	Faculté de médecine de Tunis	Tunis	Tunis	Tunisie	Tenured Faculty		Autoimmunity Cancer	Tumor Immunology and Anti-tumor Immunotherapy B Cells
Sfar	Imen	drsfarimen@gmail.com	Charles Nicolle Hospital/ university Tunis El Manar	Tunis	Tunis		Tenured Faculty head of department		Autoimmunity Cancer Infectious Diseases - Viral Diseases	Adaptive Immunity Allergy and Autoimmune Diseases Transplantation Cytokines and their receptors Antibodies
Asma	Chikhaoui	asma.chikhaoui@pasteur.utm.tn	Institut pasteur tunisia	tunis	Tunis		Post-doctoral Researcher		Cancer	Innate Immunity Tumor Immunology and Anti-tumor Immunotherapy Neuroimmunology Monocytes/Macrophages
Zeineb	Zian	z.zian@uae.ac.ma	Faculty of Sciences and Techniques of Tangier, Morocco	Tangier	Please select		Post-doctoral Researcher		Autoimmunity	Innate Immunity Adaptive Immunity Mucosal Immunology Allergy and Autoimmune Diseases Neuroimmunology New Technologies in Immunology Cytokines and their receptors Antibodies B Cells T Cells

Dounia	Chraa	chraadounia4@gmail.com	Domain Therapeutics	Illkirch-Graffenstaden		Industry	https://www.d	Autoimmunity Cancer	Adaptive Immunity Vaccines and Immunotherapeutics Tumor Immunology and Anti-tumor Immunotherapy Immune Regulation and Immune Suppression New Technologies in Immunology Signal transduction Cytokines and their receptors Antibodies T Cells Dendritic Cells Natural Killer Cells Monocytes/Macrophages Neutrophils NKT Cells
Mkunde	Chachage	mchachage@nimr-mmrc.org	NIMR-Mbeya Medical Research Center	Mbeya		New Faculty		Diseases - Infectious Diseases - All Infectious Diseases - Viral Diseases	Adaptive Immunity Vaccines and Immunotherapeutics Host-Pathogen Interactions and immunogenetics T Cells
Khadja	Akarid	kararid@yahoo.fr	Hassan II University of Casablanca	Casablanca		Tenured Faculty		Diseases - Infectious Diseases - All Infectious Diseases - Parasitic Diseases	Innate Immunity Host-Pathogen Interactions and immunogenetics Monocytes/Macrophages
Mireille Sylviane	Dongmo Nguepi	dongmo.mireille@ubuea.cm	University of Buea	Buea	South West	Post-doctoral Researcher		Infectious Diseases - Parasitic Diseases	Adaptive Immunity
Asma	Gatti	asma.gati@fst.utm.tn	University Tunis El Manar- Faculty of Science of Tunis	TUNIS		Tenured Faculty		Cancer	Innate Immunity Adaptive Immunity Vaccines and Immunotherapeutics Tumor Immunology and Anti-tumor Immunotherapy Antibodies T Cells Natural Killer Cells
Ibtihal	Benhsaien	ibtihalbensaien@gmail.com	faculty of medicine of casablanca, Hassan II university	Casablanca	grand casablanca	Tenured Faculty		Allergy and Asthma Autoimmunity Diseases - Infectious Diseases - All	Innate Immunity Immunodeficiency Transplantation
Faith	Onditi	faithissy@gmail.com	Institute of Primate Research	Nairobi	Nairobi	Post-doctoral Researcher	www.primateri	Infectious Diseases - Parasitic Diseases	Adaptive Immunity Vaccines and Immunotherapeutics Host-Pathogen Interactions and immunogenetics T Cells
Olawunmi	Oyerinde	wummier@yahoo.com	Mountain Top University	Ibafo	Ogun	Tenured Faculty		Diseases - Infectious Diseases - All	Host-Pathogen Interactions and immunogenetics Cytokines and their receptors
Mounia	Oudghiri	mouniaoudghiri@gmail.com	Hassan II University of Casablanca, Faculty of science Ain Chock	Casablanca	Casablanca	Professor		Cancer	Innate Immunity Mucosal Immunology Tumor Immunology and Anti-tumor Immunotherapy Transplantation Immune Regulation and Immune Suppression
Dorcas	Yole	yoledorcas@gmail.com	Technical University of Kenya	Nairobi	Nairobi County	Tenured Faculty		Diseases - Infectious Diseases - All Infectious Diseases - Parasitic Diseases	Vaccines and Immunotherapeutics
Safaa	Aqillouch	aqillouchsafaa@gmail.com	Ain Chock Faculty of Sciences, Hassan II University of Casablanca, Morocco	Casablanca		PhD Student		Autoimmunity Cancer Diseases - Infectious Diseases - All Infectious Diseases - Viral Diseases	Innate Immunity Adaptive Immunity Mucosal Immunology Vaccines and Immunotherapeutics Allergy and Autoimmune Diseases Tumor Immunology and Anti-tumor Immunotherapy Neuroimmunology Host-Pathogen Interactions and immunogenetics New Technologies in Immunology Signal transduction Cytokines and their receptors Antibodies B Cells T Cells Dendritic Cells Natural Killer Cells Innate Lymphoid Cells MastCells/Basophils/Eosinophils Monocytes/Macrophages Neutrophils NKT Cells
Sanaa	Sabour Aloui	sanaa_ala@yahoo.fr	Polydisciplinary Faculty Sultan Moulay Sliman	Béni Mellal		Post-doctoral Researcher New Faculty Tenured Faculty	http://sanaasa	Allergy and Asthma Autoimmunity Cancer Diseases - Infectious Diseases - All Infectious Diseases - Viral Diseases Infectious Diseases - Bacterial Diseases Infectious Diseases - Parasitic Diseases Infectious Diseases - Fungal Diseases	Innate Immunity Adaptive Immunity Vaccines and Immunotherapeutics Allergy and Autoimmune Diseases Tumor Immunology and Anti-tumor Immunotherapy Immunodeficiency Immune Regulation and Immune Suppression New Technologies in Immunology Signal transduction Cytokines and their receptors Antibodies B Cells T Cells Natural Killer Cells Innate Lymphoid Cells Monocytes/Macrophages

Hind	Ouir	ouairhind@gmail.com	Faculté de Médecine et de Pharmacie casablanca	Casablanca	Maarif		Post-doctoral Researcher		Diseases -Infectious Diseases - All	Innate Immunity Adaptive Immunity Immunodeficiency B Cells
Khadja	Akarid	kakarid@yahoo.fr	Hassan II University of Casablanca	Casablanca	Morocco		Tenured Faculty		Diseases -Infectious Diseases - All	Innate Immunity Adaptive Immunity Host-Pathogen Interactions and immunogenetics Cytokines and their receptors Monocytes/Macrophages
Amina	Ghouzlani	amina.ghouzlani@gmail.com	Faculty of Medicine and Pharmacy of Casablanca	Casablanca	Mer sultan		Post-doctoral Researcher		Cancer	Tumor Immunology and Anti-tumor Immunotherapy Neuroimmunology Immune Regulation and Immune Suppression New Technologies in Immunology T Cells
El-Bahdja	BOUACHA	bouachaelbahdja@yahoo.com	CHU constantine algeria	El khroub	constantine		a pharmacist specialist in immunology		Allergy and Asthma Autoimmunity Cancer Diseases -Infectious Diseases - All Infectious Diseases - Viral Diseases Infectious Diseases - Bacterial Diseases Infectious Diseases - Parasitic Diseases Infectious Diseases - Fungal Diseases	Innate Immunity Mucosal Immunology Vaccines and Immunotherapeutics Allergy and Autoimmune Diseases Tumor Immunology and Anti-tumor Immunotherapy Immunodeficiency Transplantation Neuroimmunology Immune Regulation and Immune Suppression Host-Pathogen Interactions and immunogenetics Veterinary and Comparative Immunology New Technologies in Immunology Signal transduction Cytokines and their receptors Antibodies B Cells T Cells Dendritic Cells Natural Killer Cells Innate Lymphoid Cells MastCells/Basophils/Eosinophils Monocytes/Macrophages Neutrophils NKT Cells
Sharon	Chepkwony	shachero09@yahoo.com	Institute of Primate Research	Karen	Nairobi		Research Scientist	None	Infectious Diseases - Viral Diseases	Innate Immunity Adaptive Immunity Mucosal Immunology Vaccines and Immunotherapeutics Antibodies B Cells T Cells
Bolanle Olufunke Priscilla Musa		bolamusa2002@yahoo.com	Ahmadu Bello University Nigeria	ZARIA	KADUNA STATE		Tenured Faculty	https://abu.edu	Allergy and Asthma Autoimmunity Cancer Diseases -Infectious Diseases - All	Innate Immunity Adaptive Immunity Vaccines and Immunotherapeutics Allergy and Autoimmune Diseases Tumor Immunology and Anti-tumor Immunotherapy Host-Pathogen Interactions and immunogenetics Cytokines and their receptors Antibodies B Cells T Cells Natural Killer Cells NKT Cells
Helena	Lamptey	hlamptey@noguchi.ug.edu.gh	Noguchi Memorial Institute for Medical Research, University of Ghana	Legon	Accra		Research Fellow	https://noguchi	Diseases -Infectious Diseases - All Infectious Diseases - Viral Diseases	Innate Immunity Adaptive Immunity Host-Pathogen Interactions and immunogenetics
Gloria Ivy	Mensah	gmensah@noguchi.ug.edu.gh	Noguchi Memorial Institute for Medical Research, University of G	Accra	Select Region		Post-doctoral Researcher		Infectious Diseases - Bacterial Diseases	Vaccines and Immunotherapeutics Host-Pathogen Interactions and immunogenetics Cytokines and their receptors Antibodies
Linda Eva	Amoah	lamoah@noguchi.ug.edu.gh	Noguchi Memorial Institute for Medical Research, University of Ghana	Legon	Accra		Tenured Faculty	https://noguchi	Infectious Diseases - Parasitic Diseases	Vaccines and Immunotherapeutics Host-Pathogen Interactions and immunogenetics Antibodies
Aidebo	Eyaufe	aidesid0652@hotmail.com	Ambrose Alli University ,Ekpoma, Nigeria	Benin	Edo		Associate Professor		Diseases -Infectious Diseases - All	Vaccines and Immunotherapeutics New Technologies in Immunology Antibodies
Sabelle	Jallow	sabellejallow@yahoo.com	National Institute for Communicable Diseases	Johannesburg	Gauteng		Government/Policy Joint faculty position	www.nicd.ac.za	Infectious Diseases - Viral Diseases Infectious Diseases - Bacterial Diseases Infectious Diseases - Fungal Diseases	Innate Immunity Adaptive Immunity Vaccines and Immunotherapeutics Host-Pathogen Interactions and immunogenetics Antibodies T Cells Natural Killer Cells
Peris	Ambala	perisambal@gmail.com	Institute of Primate Research	Nairobi	Nairobi City		New Faculty		Infectious Diseases - Viral Diseases	Host-Pathogen Interactions and immunogenetics Veterinary and Comparative Immunology New Technologies in Immunology

Susan	Musembi	susanmusembi@gmail.com	Kenyatta University				Tenured Faculty		Diseases -Infectious Diseases - All	Vaccines and Immunotherapeutics Tumor Immunology and Anti-tumor Immunotherapy Host-Pathogen Interactions and immunogenetics New Technologies in Immunology
Janelisa	Musaya	jmusaya@mlw.mw	Kamuzu University of Health Science	Blantyre	Blantyre		Tenured Faculty	https://www.k	Infectious Diseases - Parasitic Diseases	Innate Immunity Adaptive Immunity Immune Regulation and Immune Suppression Host-Pathogen Interactions and immunogenetics Cytokines and their receptors Antibodies B Cells T Cells Neutrophils
Fatoumatta	Darboe	famadarboe@gmail.com	University of California in San Francisco				Post-doctoral Researcher		Infectious Diseases - Viral Diseases Infectious Diseases - Bacterial Diseases	Innate Immunity Adaptive Immunity Vaccines and Immunotherapeutics Immune Regulation and Immune Suppression New Technologies in Immunology T Cells Dendritic Cells Natural Killer Cells Monocytes/Macrophages Neutrophils NKT Cells
